Bachelor of Computer Applications (BCA),   2022 - 2025
Cimage College, Vivekanand Marg Branch

Senior Secondary (XII), BIHAR SECONDARY EXAMINATION BOARD   2019
Sanjay Gandhi College
Percentage: 69.00%

Secondary (X), BIHAR SECONDARY EXAMINATION BOARD   2017
H.P.D. Jain High School
Percentage: 69.00%

TRAININGS / CERTIFICATIONS

Android App Development
May 2024 - Jul 2024

Cimage Profesional College, Patna

In this Android application development training program, conducted by my college, I gained valuable knowledge and practical experience. I successfully developed an application and presented it to the college director.

Blockchain Technology
Sep 2022

IIT PATNA, Virtual

Blockchain technology is a cutting-edge field that is being explored by the Indian Institute of Technology Patna in collaboration with my college. Through this initiative, I have gained valuable insights and knowledge about the intricacies of blockchain technology.

PROJECTS

[Vehicle verified ↗](#)
Jul 2024 - Present

This application encompasses two primary user interfaces: a login page and a sign-up page. Upon successful login, users gain access to the main page, where they can retrieve information pertaining to their vehicles, upload requisite documentation, and monitor the validity of these documents. Furthermore, users can ascertain the status of their documents and receive timely notifications prior to expiration. The application caters to two distinct user groups: traffic police officers, who are empowered with the ability to verify the authenticity of documents through QR scans, and vehicle owners, who can present the QR codes for verification purposes. The application is meticulously crafted using Android Studio as the integrated development environment, leveraging the robust capabilities of SQL Server for database management. The user interface is meticulously designed using XML, while the backend is meticulously developed employing Java programming language, ensuring optimal performance

SKILLS

- HTML
- CSS
- JavaScript
- Bootstrap
- C Programming
- Python

- Java
- Android
- SQLite
- C++ Programming
- MySQL
- Visual Basic (VB)
- Flutter
- PHP

EXTRA CURRICULAR ACTIVITIES

- I am more inclined to engage in volunteer work and take on leadership roles within my college.

- Java
- Android
- SQLite
- C++ Programming
- MySQL
- Visual Basic (VB)
- Flutter
- PHP
